## **AscendTMS Adds Comprehensive Trucking Payroll Services Via Partnership With Superior Trucking Payroll Service**

**The complex process of processing accurate and timely driver payroll is now solved for users of AscendTMS**

**Tampa, Florida, November 4th, 2020** – InMotion Global Inc. announced today that AscendTMS, the world’s most popular and number one rated transportation management software (TMS), has added full trucking payroll processing from within AscendTMS through a tight partnership with the largest dedicated trucking payroll company, Superior Trucking Payroll Service.

As a part of the agreement, all Superior Trucking Payroll Service customers can receive a new premium subscription to AscendTMS at no cost, courtesy of Superior. This includes carriers, freight brokers, 3PLs and shippers, nationwide.

“Driver payroll is the most complex and difficult process to get right at any trucking company because there are so many moving parts”, said Tim Higham, president of AscendTMS. “There are often pay items from prior payroll periods that need to be added to the current payroll, there may be holdbacks for equipment leases or loans made to drivers, different pay methods for owner operators verses company drivers, various driver pay scales and methods, and dozens of additional driver pay items at each pickup or drop-off based on need. In fact, for past last 2 years, questions on payroll processing and payroll accounting have been the number one subject area that AscendTMS users

needed help with according to our customer support center. Now, we have the perfect solution for them with our Superior Trucking Payroll Service partnership”.

The joint AscendTMS / Superior Trucking Payroll Service solution is available immediately.

Mike Ritzema, CEO of Superior Trucking Payroll Service, said, “Not only do we accurately process our clients payroll, we are also trucking payroll experts and consultants to our customers, and we can help answer their pressing payroll accounting and payroll tax questions, too. Moreover, we’ll also answer any driver’s payroll or tax question for our customers so they don’t have to. It saves them time and keeps the drivers happy. Drivers that receive accurate and timely payroll are the happiest drivers, and that dramatically reduces driver turnover for our customers. So, just like AscendTMS, we go the extra mile so our customers can focus on their core trucking or logistics business while we handle all the payroll and payroll accounting processes and questions for them”.
